Verse 2

Lead on oh King eternal for through this worlds dark night
The flame of faith is shining, the light of hope burns bright
For every dawn You meet us with all sufficient grace
and the tides of peace are rising as we look upon Your face.

Verse 3

Lead on oh King Eternal who reigns beyond the skies
oh Nothing that Your people face, will take you by surprise
For All Your plans are perfect as is Your love for us
and the story of this world is of a God victorious
